

HUGHES ANSWERS OLNEY'S CRITICISM

Repeatedly Brings Auditors at Saratoga Springs to Their Feet

LIKED TO STAY ON BENCH

Nominee Asserts He Received A Summons No Honorable Man Could Refuse

CITES FROM WILSON SPEECH

SARATOGA SPRINGS, N. Y., Sept. 28.—Richard Olney's criticism of Charles E. Hughes and his campaign was answered tonight by Mr. Hughes in a speech before the Republican unofficial state convention which repeatedly brought the delegates to their feet to cheer and applaud.

"The distinguished former secretary of state said in substance that I doffed the judicial ermine and appeared in the motley garb of a seeker for office," Mr. Hughes said. "I doffed the judicial ermine and I submit to you that it fell from my shoulders unscathed."

The audience rose to its feet and cheered loudly.

"No American need apologize for being a candidate for office; least of all I," the nominee continued. "I desired to remain on the bench. I had no desire to return to politics, but there came a summons which no honorable man could refuse. I did assume the garb, call it motley or what you will of a seeker of office, and I am now before the American people seeking the highest office in its gift. For what purpose? Not that I covet power but I do not covet the opportunity, if it is afforded to maintain American rights and American honor."

Charles E. Hughes told the Republican unofficial state convention here tonight why he had not urged Republican senators to filibuster "to the last ditch" against the passage of the Adamson eight hour law passed to avert the threatened railroad strike. The nominee declared he did not believe in filibustering for one thing, and that if the majority in Congress had determined to pass the bill, there was no reason whatever why its passage should have been delayed by filibustering tactics.

"It (the administration) acted with swiftness," Mr. Hughes said, "and it cannot now say that a Republican candidate a thousand miles away should have saved it from carrying out its fixed determination."

The nominee read to the convention correspondence between Chairman Newlands of the Senate Interstate Commerce committee; Harry A. Wheeler, chairman of the committee on railroad situation of the chamber of commerce of the United States, and President Wilson—none of the letters was from the president, but he was addressed in the correspondence.

It is believed at least five men figured in the robbery.

More than a dozen robberies of importance and several murders have been committed by bandits in and about Detroit during the last three months. None of the criminals have been captured.

"The truth is that the executive destroyed the moral strength of the situation when he threw up his hands, yielded the principle of arbitration and went to congress demanding the railway wage bill as the price of peace. Congress, so far as the moral of the situation concerned, ratified a surrender already made. The administration chose its ground; it selected its ground carefully and with manifest view to partisan expediency."

"In the closing days it acted with swiftness and it cannot now cry that a Republican candidate a thousand miles away should have saved it from carrying out its fixed determination."

Mr. Hughes' citation from President Wilson's address to congress was a brief one. The part quoted followed the President's declaration that "I yielded to no man in firm adherence alike of conviction and of purpose to the principle of arbitration in industrial disputes," and was a part of the same sentence which was as follows:

"But matters have come to a sudden crisis in this particular dispute and the country has been caught unprovided with any practicable means of enforcing that conviction in practice, by whose fault we will not stop now to inquire."

Documents read by Mr. Hughes included an extract from a letter written by Mr. Wheeler June 29, last to the president, in which Mr. Wheeler expressed the hope that the president would "see fit to start an inquiry on behalf of the administration as to the near approach of an actual crisis."

"He asks why I did not urge 28 Republican senators to filibuster to the last ditch. Well, I do not believe in filibustering for one thing. If congress thru its majority, was determined to pass the bill there was no reason whatever why its action should merely be delayed by filibustering. Arguments along this line really come to this—that in some way the administration should have been saved from itself."

SYMPATHETIC STRIKE HAS NOT MATERIALIZED

LABOR LEADERS CLAIM 140,000 WORKERS HAVE QUIT

Representatives of United Building Trades, comprising a Membership of More than 100,000 Refuse to Take Any Action in Strike Movement.

New York, Sept. 28.—The widely exploited sympathetic "walkout" of trades unionists in Greater New York, in aid of the striking car men which was supposed to have started yesterday had not materialized to-night according to the police. The labor leaders claimed however that upwards of 140,000 workers actually had quit their places but refused to make public the names of any unions answering the call.

A meeting late today of representatives of 36 unions of the United Building trades, comprising a membership of more than 100,000 refused to take any action in the sympathetic strike movement, it was announced.

The longshoremen and tidewater boatmen, numbering about 24,000 also failed to take any definite action. A resolution adopted by 41 longshoremen's unions said the men stood ready and willing to quit in sympathy with the carmen "when ever in their judgment a strike is necessary" and they are ordered to by their international president, T. V. O'Connor. Members asserted that the prospect of O'Connor calling a strike was remote, because of existing contracts.

For the first time since the car strike began Sept. 6th, many surface cars were operated today without police guards. Numerous cars without wire netting to protect motormen and conductors also were put in commission.

The possibility of a strike of motormen on subway and elevated lines being ordered by the Brotherhood of Locomotive Engineers was said by union men themselves to be remote inasmuch as the motormen now are earning from \$8 to \$10 a day. Interborough Rapid Transit officials asserted they did not anticipate any trouble from the brotherhood.

Since the car strike was declared employees of the companies who remained loyal have been receiving double pay.

ROBBERS WHO HELD UP EXPRESS NEAR DETROIT STILL AT LARGE

Government Detectives and Detroit Officers at Head of Poses Find no Clues.

Detroit, Mich., Sept. 28.—The robbers who held up the New York-Chicago Express on the Michigan Central railroad, ten miles west of here last night, were still at large late today. Government detectives and Detroit officers, at the head of posses searching for the bandits, said no clues had been obtained.

One of the two registered mail pouches which were taken from the mail car was found today about 100 yards from where the robbers stopped the train. The pouch was slit and empty.

It is believed at least five men figured in the robbery.

More than a dozen robberies of importance and several murders have been committed by bandits in and about Detroit during the last three months. None of the criminals have been captured.

SEEKS PROBE OF CATTLE INDUSTRY

American Bankers' Association Will Act On Resolution Today

BANKERS' PROFIT LESS

Head of Reserve Board Advocates Discontinuance of Use of Gold as Currency

URGES CAUTIOUS METHODS

KANSAS CITY, Mo., Sept. 28.—Congressional investigation of the live stock industry including the production, marketing, slaughter, distribution and sale of all cattle was asked here today in a resolution presented to the American Bankers' association. Action on the resolution presented by Geo. E. Webb, of San Angelo, Tex., was deferred until tomorrow.

"We face the alarming fact that for twenty years the production of cattle has not kept pace with the increase of population but has decreased in number," it reads. "With thousands of acres of virgin land being brought annually under the plow, we have reduced our annual average production per acre to about fifty per cent of the production of our virgin soils, producing today less than half the average per acre of European farms. This while yet our nation is in its infancy."

Despite the present prosperity, characterized as the greatest the country has ever known, bankers are making less profits than at any time within the last twenty years, according to Joseph Chapman of Minneapolis. Minimum rates of interest, are being paid Mr. Chapman declared.

"The reserve act has demonstrated that it is workable and in the main the principles upon which it is founded are sound and will endure," he said. "Being founded largely on the experiences of the large banks in Europe, it will make money cheap and plentiful."

The fight of the country bankers against the collection and clearance of checks without charge, recently promulgated by the federal reserve system was won by them by the adoption of a resolution asking amendment of the reserve act so as to permit small banks to charge on their clearances.

The discontinuance of the use of gold as currency, except as reserves on what federal reserve notes might be issued was advocated by W. P. G. Harding, governor of the reserve system, who made a short address. He urged cautious banking methods "to avoid inflation of the currency and credit."

A reception for the visitors is being held at Convention Hall tonight.

DR. JOHN J. BOWMAN DEPLORES HASTY SURGICAL OPERATIONS

PHILADELPHIA, Sept. 28.—Hasty surgical operations were deplored today before the closing session of the American Hospital association's annual meeting by Dr. John J. Bowman, director of the American College of Surgeons.

"Frequently operations are performed without cause" said Dr. Bowman, who added that he knew of one instance where a surgeon operated unnecessarily on a woman patient rather than lose a fee.

A resolution was adopted recommending the establishment of a bureau of hospital information in charge of a permanent secretary.

DISCUSS POSSIBILITY OF USING ALCOHOL INSTEAD OF GASOLINE

NEW YORK, Sept. 28.—Increased industrial value of alcohol and the possibility of its substitution for gasoline in the near future were discussed here today by chemists attending the National Exposition of Chemical Industries.

Dr. Arthur D. Little of Boston, declared alcohol is the best fuel for internal combustion engines.

Dr. Little read a letter from Arthur H. Comey, chemist at the Dupont Powder Company's laboratory in which the chemist wrote, "making alcohol from sawdust is a great commercial success and will grow accordingly."

Dr. Little said there are 10,000,000 tons of material available every year in this country from which alcohol can be made.

CIGARMAKERS GO ON STRIKE.
Tampa, Fla., Sept. 28.—One thousand cigarmakers in five factories went on strike here today for higher wages for piece work. The men demand increase ranging from one dollar to seven dollars per thousand for work on mold made cigars.

SENATOR THOMAS J. WALSH SEES VICTORY FOR WILSON IN WEST

Asserts if Half Reports from Western States are True Wilson Will Sweep Thru This Territory to Victory.

Chicago, Sept. 28.—Senator Thomas J. Walsh of Montana, manager of the western Democratic national headquarters, expressed satisfaction with the progress of the campaign being waged for Wilson and Marshall in the western states in a statement issued here today.

"If half the reports sent us by the state chairmen of the Western States are true, President Wilson will sweep thru this territory to victory in November," said Senator Walsh. "The Democratic party is united and presenting a solid front along the entire line of battle in the West. The party organization is active in every state. Even the Republicans who until a week ago insisted the entire west was safe for Hughes now admit that a dozen of these states are doubtful. Our reports show that a majority of the women in the thirteen suffrage states are supporting President Wilson. This may be the balance of power in several states."

"The Democrats figure these states as close: Indiana, Illinois, Wisconsin, Minnesota, Montana, North Dakota, Oregon, Washington, California, Wyoming, Idaho and Colorado."

ARRANGEMENTS FOR NATIONAL RIFLE MATCHES NEARLY COMPLETE

WASHINGTON, Sept. 28.—Arrangements for the national rifle matches which begin at Jacksonville, Florida, October 11 practically were completed today by Col. Samuel W. Miller, executive officer of the event, his aids and F. H. Phillips, secretary of the National Rifle association.

Forty teams from national guard organizations, the marine corps and civilian rifle clubs thruout the country have entered for the matches. Because of the situation on the Mexican border and the pressure of work outlined for the Atlantic fleet this fall, the army and navy were not expected to participate.

Mr. Phillips said a total of 1,600 men would participate. The number of entrants from civilian clubs, he said, had been surprisingly large and would comprise about one half of the teams competing.

REFUSES TO PAY LEAGUE PLAYER

Sioux City, Iowa, Sept. 28.—President E. J. Hanlon of the Sioux City Western League Baseball club has refused to meet the demands of the National Baseball commission to pay Jim Kane, former Sioux City first baseman \$450 for two months salary. Hanlon declares the league must pay the \$450.

CHOKES TO DEATH ON SANDWICH

Mt. Pulaski, Ill., Sept. 28.—John H. Meister, aged 54, the largest man in Mt. Pulaski, who weighed 360 pounds, is dead here after choking on a sandwich which he was eating while automobile riding.

MRS. LEDUC TELLS OF TRIPLE SHOOTING

Tells Husband Her Part in Tragedy Was An Innocent One

IS UNDER DETENTION

Detective Captain Says Wounded Woman Will Be Subpoenaed as Witness at Inquest

MEETS MRS. BELZER'S SISTER

PHILADELPHIA, Sept. 28.—Mrs. Joseph C. Leduc, sole survivor in the triple shooting at a hotel here yesterday, told her husband today that her part in the tragedy was an innocent one and he accepted her word for it and declared he never had any doubt as to his wife's loyalty to him.

"I knew it," he exclaimed after a talk with his wounded wife. "She has given me the straight account of this distressing affair. She's true to me. She hasn't been in the wrong and I'll take her back to Chicago as soon as she can travel."

Mr. Leduc came here today from his home in Chicago and went immediately to the hospital to see his wounded wife, who was shot by Mrs. Harry Belzer, of New York, a discarded sweetheart of J. C. Graver, also of New York. Graver was shot and killed by Mrs. Belzer when she found he and Mrs. Leduc in a hotel room. Mrs. Belzer then ended her own life.

After reciting the incidents which preceded the shooting to her husband, Mrs. Leduc gave a statement to the detectives in which she is quoted as saying:

"It is untrue that I registered with Graver at the hotel as his wife. I left New York Tuesday afternoon after visiting my sister and came to Philadelphia to visit my nephew. After visiting my nephew I received a telephone call from Mr. Graver, asking me to meet him in the evening. I met him at the hotel and he invited me to go to the theatre. I had no baggage with me except a small hand bag, as I had planned to remain here only for the day, intending to return to New York the same day. After inviting me to go to the theatre Mr. Graver suggested that I leave my handbag in his room and I agreed to do so."

"On our return from the theatre we had something to eat on the roof garden of the hotel and about 1 o'clock I told him it was time for me to go to my nephew's home. I then remembered my handbag in his room."

We stopped by at the room to get it. We had barely stepped into the room and just as I was about to pick up the handbag near the dresser a woman jumped out of the closet. She was tall and dark and I don't believe I ever saw her before. She had a revolver in her hand. She said nothing.

"She began to shoot. The first shot struck Mr. Graver in the left side. I tried to rush to the door, but before I could I was shot. That is all I remember."

Leduc was introduced at the coroner's office to Miss Anna McAndrew a sister of Mrs. Belzer, who had come from New York to claim the body of her sister. Miss McAndrew told him she could scarcely believe her sister was responsible for the tragedy. "You can realize," she said, "that I am just as anxious to uphold the honor of my sister as you are that of your wife."

The authorities said tonight that while Mrs. Leduc is not under arrest she is under detention. Police-men are on guard near her bedside. "She will be kept here" said Capt. of Detectives Tate, "until we have formal proof of who did the shooting. There is really no doubt that Mrs. Belzer did it, but we must go about the matter in a legal manner." He added that Mrs. Leduc, who is expected to recover, will be subpoenaed as a witness at the inquest.

ENGINEERS TO ORGANIZE

New York, Sept. 28.—The preliminary steps to form an organization of members of the national engineering societies for the purpose of widening the usefulness of the country's engineers in governmental affairs were taken at a meeting here today. W. L. Saunders, second vice chairman of the naval consulting board, declared the proposed organization would concern itself with civic affairs exclusively.

ARREST MISS GODMAN ON CONSPIRACY CHARGE

THREE ALLEGED CONFEDERATES NAMED IN SIMILAR WARRANTS

Woman is Alleged "Lure" in Blackmailing of Edward B. West, a wealthy tea importer of Chicago, was arrested formally today on a warrant charging conspiracy. Three alleged confederates Homer T. French, George Irwin and "Doc" Brady, were named in similar warrants.

Chicago, Sept. 28.—Miss Buda Godman, alleged "lure" in the blackmailing of Edward B. West, a wealthy tea importer of Chicago, was arrested formally today on a warrant charging conspiracy. Three alleged confederates Homer T. French, George Irwin and "Doc" Brady, were named in similar warrants.

West says he was "persuaded" to give \$15,000 to the men, who he declared, posed as government officers, after they had entrapped him in a room in a New York hotel with Miss Godman and threatened him with fake Mann Act charges.

Officers Investigating Reports

New York, Sept. 28.—A blackmailing scheme reported to be in operation on railroads crossing state lines by which attractive women swindle male travelers with the aid of men confederates is being investigated by special agents of department of justice it was disclosed here today. Information of the swindle was sent anonymously to John C. Knox, assistant district attorney, who is in charge of the "blackmail syndicate" cases in New York and other cities.

The informant told Mr. Knox that while traveling recently from Portland, Ore., to St. Louis he was nearly trapped by one of the women and afterward learned from a Pullman porter that the swindle was being played by women traveling regularly on that line.

ENGLAND BUILDING WARSHIPS CARRYING EIGHTEEN INCH GUNS

Officials Believe Big Weapons are Designed Primarily for Use Against Land Fortifications.

Washington, Sept. 28.—Battleships, equipped with eighteen inch guns, three inches bigger than any now afloat and two inches greater than the largest guns projected for the new battleships and battle cruisers to be added to the American navy, are under construction in Great Britain, according to unofficial advice which are given credence by naval officials here.

The big weapons are designed primarily, officials believe, for use against land fortifications.

As a means of developing floating forts which could throw great projectiles into land fortifications out of sight over the horizon, the reported British venture in battleship construction is regarded by ordnance experts here as having great possibilities. They estimate that shells weighing nearly 2,000 pounds could be used accurately and point out that an eighteen inch gun would have a range equal to if not greater than the average European coast ordnance.

The largest guns carried now by any naval vessel so far as shown by records here are the 15-inch rifles mounted on some of the latest British, German and Italian battleships. The largest on any American ship are those of the 14-inch type carried by the Pennsylvania and vessels of her class.

ARREST TRAINED NURSE ON INDICTMENT CHARGING BLACKMAIL

CINCINNATI, Sept. 28.—Miss Margaret Gorey, a trained nurse, was arrested here today in the offices of Dr. A. C. Reed, a prominent physician and surgeon, charged in an indictment returned earlier in the day by the Hamilton county grand jury with blackmail.

In a statement Dr. Reed said Miss Gorey had sought employment from him, that she had been refused and that following repeated attempts on her part to induce him to employ her, she had threatened to bring suit against him based on a charge of immoral conduct. Dr. Reed stated the police were listening on the other end of the telephone device that she knew the charge to be false but that she likewise knew he could not prove it was false and that she would settle the matter for \$20,000. Otherwise, the physician said, she threatened to bring suit.

Miss Gorey became hysterical while being taken to police headquarters but when quieted said she had nothing to say until she had consulted her attorneys, other than that she courted the fullest investigation and publicity.

ACCIDENTALLY KILLS FRIEND; THEN SUICIDES

Weaverville, Calif., Sept. 28.—Following the finding today of the bodies of Max Hoffman and Joseph Patterson, Miners, who had been hunting deer together yesterday, investigation by a coroner's jury developed that Hoffman mistaking his friend for a deer, had shot and killed him, then, remorseful, Hoffman shot and killed himself.

BRITISH CAPTURE GERMAN REDOUBT

Take 600 Prisoner in Fresh Attack North of Thiepval

BEAT RUSSIANS BACK

Teutons Recapture Positions Lost Recently to Muscovites in Region of Korynitsa

GREEKENTRY NOT ANNOUNCED

Except for a fresh attack on the part of the British, which gave them the greater part of a German redoubt north of Thiepval and six hundred prisoners, the troops of the entente in the region between the Somme and Ancre rivers in France apparently are taking a breathing spell and consolidating positions captured in the great offensive which began last Monday and already has netted them Comblès, Thiepval, and other strong German positions at various points along the twenty mile front.

During the work of consolidation, however the big guns of the British and French are hurling tons of steel against the new positions the Germans have taken up, doubtless preparatory to another fresh attack with Bapaume and Peronne, the ultimate objectives.

Meanwhile, a big battle is in progress on the eastern front in the region between Lutsk and Vladimir Volynski, around Svinitsky and Korynitsa, where the Russians are attempting to advance, but the Teutons are impeding them by heavy counter attacks. The German war office says these counter attacks in the region of Korynitsa have resulted in the recapture of positions lost recently by the Teutons and that the allied forces have now passed beyond them. Heavy casualties were inflicted on the Russians says Berlin and in addition 41 officers and 2,800 men were taken prisoner and one cannon and seventeen machine guns were captured.

In Galicia the Germans west of Krasnoslesie also pushed forward their lines, while in the Carpathians attacks by the Russians were repulsed in hand to hand fighting.

The Russian general staff announces that since Gen. Brusiloff began his offensive, 420,000 officers and men of the Teutonic allies have been made prisoner and 600 cannon and 2,500 machine guns and mine throwers have been captured.

Around Petroseny and Hermannstadt, in Transylvania, the Teutonic allies and the Roumanians are engaged in bitter fighting.

On the Macedonian front Paris reports the repulse of Bulgarian attacks on both sides of the Florina. There have been bombardments by the British of positions of the allies of the Central powers by land batteries in the vicinity of Doiran and by warships in the Aegean Sea.

Aside from an infantry attack by the Austrians in the upper Cordevole valley, which Rome says was repulsed only artillery duels have taken place in the Austro-Italian theater.

Greece's entry into the war on the side of the entente allies has not yet been announced. An unofficial dispatch from Athens gives the text of the proclamation of a provisional government in Crete by former Premier Venizelas and Admiral Coundouriotis, which declares that if the king should decide not to take the lead of the national forces, "it is our duty to do the needful thing to save the country from the threatening ruin."

MICHIGAN REPUBLICANS ADJOURN

Saginaw, Mich., Sept. 28.—Michigan Republicans adjourned the state convention here without taking action on a request from Michigan women seeking endorsement of a suffrage plank in the state platform.

Resolutions adopted, expressed confidence that Mr. Hughes will restore the United States to its rightful place among the nations of the world.

For a solid year we have been holding the property located at 1310 Lincoln avenue to get what we know it is worth, \$3,500.00. We have spent half that much in recent improvements, but we are tired of carrying it, and we will consider any reasonable offer. Go out and look it over and come in and talk to us about it. We can carry a very liberal loan, or take a smaller place in trade. There are two acres of ground, more than 1-2 in pasture; an excellent barn, hen-house and yard, good fences, and an 8 room house in PERFECT condition, with three porches and a nice shady yard.

Public Pays for Careless Egg Ship- ments.

An assistant state food commis-
sioner has figured out that the in-
discriminate shipping of eggs an-
nually costs Illinois producers \$5-
000,000. The commission has there-
fore asked the state public utilities
commission for an order to compel
shippers of eggs to bill all ship-
ments as either candied or uncandied.
If the figures are correct the state
should have been made that the
consumers are paying \$5,000,000 on
account of the carelessness of pro-
ducers, for the care-
less methods reduce the available
supply of eggs and thereby increase
the price. Just now eggs are re-
tailing at 35c or more a dozen, and
the price is regulated by the old
law of supply and demand.

Auto Casualty Figures.

The number of automobile acci-
dents in this vicinity during recent
weeks has been the occasion for
previous comment upon the growing
necessity for the adoption of some
means of lessening speed and care-
lessness. Statistics show that the
condition which has been evidenced
here is country-wide. During the
first eight months of 1916—that is,
between January 1 and September
1, 1,040 persons were killed and
8,000 injured in twenty of the large
cities of the U. S.

These figures have not been com-
piled showing all auto fatalities
and accidents but the records from
these twenty cities give a clear in-
dex as to what the enormous totals
will be. Chicago has been the
scene of 215 of the fatalities and
New York 226. The number of acci-
dents has increased even in larger
proportion than the number of cars
and there is clearly a demand for
some kind of enforceable legislation.

A Divided Honor.

The chairman of the national
child welfare committee in a pub-
lished statement punctures the
claims of the Democrats that the
present administration is entitled to
all the credit for the child labor bill
recently passed. The committee is
eminently fair in the statement of
the issue and refers to the fact that
the bill has been pending for sev-
eral years past and that its warm-
est advocates have been from both
the Republican and Democratic par-
ties. The bill, which gives needed
protection to children of tender
years, making it unlawful to em-
ploy them in factory work, will give
more evidence of its benefits as time
moves along. It is a good law but
does not include everything to be
desired in such a measure, and the
credit for the advance step as taken
does not belong solely to any politi-
cal party or administration.

Adviser Plan Fails in One County
Thus far the records show only
one instance wherein the plan of
having a county farm adviser has
been abandoned. This is in the case

of Winnebago county, where the su-
pervisors recently voted that no ap-
propriation for the continuation of
the farm improvement association be
allowed. No details are at hand but
it is a safe guess that either politics
or jealousy in some form caused
the action.

In county after county where the
farm adviser plan has been tried, the
value of the work has been thoroly
proven. The work of a farm ad-
viser needs but to add a few cents
per acre to the crop returns to
more than pay all the expenses. But
increased crops and fertility are not
the only beneficial results, for the
whole movement is founded upon co-
operative action and as the farmers
learn to work co-operatively the
county in which they reside is very
certain of material benefit.

Railroad and Ford Earnings

The Railway Age Gazette while
the firm friend of the railroads, is
not inclined to juggle figures, and
therefore its statement about the
railway earnings in 1916 merits care-
ful attention. According to this pa-
per, figures recently published show-
ing the marvelous prosperity of the
railroads by comparing receipts to
July 1st this year with a like peri-
od in 1915, are misleading unless
all the facts are taken into consid-
eration. The Gazette declares the
railroads this year have a net return
of but 5.6 per cent, which it is
claimed is far below the amount to
which the roads are entitled, even in
accordance with the accepted rules
of business. The Gazette in this con-
nection comments upon the earnings
made by other corporations and not
considered at all improper:

"A rate of 5.6 per cent is insignif-
icant, indeed, when compared with
some of the profits that are being
garnered during the present period
of prosperity by industrial compan-
ies, particularly in the automobile
and steel businesses. The recent
report of the Ford Motor Company
for the year showed net earnings of
nearly \$60,000,000, or 3,000 per
cent, on a capitalization of \$2,000-
000. This company was able to pay
a dividend of 60 per cent and still
retain a surplus for the year for re-
investment in the business of over
\$58,000,000. Several other automo-
bile companies have earned from 20
to 30 per cent on their capitaliza-
tions, and the head of one of the
large steel companies was recently
quoted in the Wall Street Journal as
saying that many of the steel com-
panies could pay dividends for the
next 10 years out of their surplus
after the present period of prosper-
ity is over without earning another
dollar.

"Railroad investments are hardly
to be compared with such cases as
these, but the comparison indicates
the foolishness of regarding the
present earnings of the railways as
specially enormous."

The Farmer and the Tariff
The Minneapolis Journal publishes
the following editorial on the
Democratic "raid on the farmer."

I have not time to describe in de-
tail the havoc wrought by the tar-
iff act of 1913 (the Underwood-Sim-
mons law). I shall only refer to one
matter, the raids made upon the
farmers. Nearly all of their prod-
ucts were either put upon the free
list, or so greatly reduced as to be
practically on the free list. Had it
not been for the great European
war, our farmers would have sus-
tained great losses from this change
in our tariff. With a wheat crop
of a billion bushels in Canada in
1915, our wheat farmers, but for
the great war, would have had six-
ty cent wheat instead of a dollar a
bushel and over. The main crop of
the South, cotton, has practically
no competition, and hence is im-
mune from tariff legislation.—Sen-
ator Knute Nelson's Speech Review-
ing Democratic Legislation in the
Senate.

Senator Nelson has never been a
high tariff man. His vote in 1889
for the Mills "horizontal reduction"
bill, when he represented the old
Fifth Minnesota district in the
House is still remembered as a
courageous act, for he alone of the
Republican minority so voted. But
he has always defended the necessity
for a moderate tariff, adequate to
protect American industries from
undue foreign competition.

The Senator now makes timely
allusion to the Democratic raid on
the farmer, planned and carried out
in the tariff bill passed as soon as
possible after the election of Mr.
Wilson. Fortunately for the farmer
that raid was ineffectual by the
war, which furnished to his products
the same effect in price uplift that
a protective tariff would have done.

Without the war, the wheat
farmers of the United States would
have lost, as Senator Nelson shows,
four hundred million dollars on the
1915 crop alone, and the loss would
have been due to the refusal of the
Democratic Congress to continue the
protective tariff upon their product.
Tremendous losses would have been
scored on other staple crops—all ex-
cept cotton, the staple crop of the
South, for which there is no need
of a protective tariff. No wonder
the Senators and Congressmen from
the Southern States were willing to
put farm products on the free list!

It is true that the war has raised
all sorts of prices, and that in con-
sequence the farmer does not get
all the benefit from the high prices
for his crops indicated by the figures
Senator Nelson gives. But it is evi-
dent that with sixty cent wheat in
1915, there would have been hard
sledding for the farmers, but that,
with wheat at a dollar and more,

they have prospered in spite of
Democratic legislation.

But the war cannot last forever.
It is up to the farmer and his
friends to see, before it does end,
that a Republican Congress is elect-
ed to restore the protective duties
for his products. Otherwise there
will be far more demands for loans
under the loudly celebrated rural
credits law than can be taken care
of.—Livingston County Adviser.

ON ROOM AT LAFAYETTE

SCHOOL TO BE CLOSED

Pupils There Will be Quarantined
at Home Until Scarlet Fever Dan-
ger Passes—Those From Other
Grades Will be Examined Daily.

As a result of two additional
cases of scarlet fever among the
pupils at the Lafayette school build-
ing it was decided yesterday that
Miss Russell's room will be closed
for a period of eight days. Pupils
will be instructed today to return
to their homes, where they will be
under quarantine for the eight day
period. This course was decided
upon at a conference held Thursday
afternoon at the office of Dr. A. M.
King, city health physician.

Those present at the conference
in addition to the city health phy-
sician, were Dr. Carl E. Black, Dr.
W. P. Duncan, members of the
board of education; Commissioner
J. Edgar Martin; Supt. of Schools
H. A. Perrin and Dr. C. S. Nelson
of Springfield, an inspector for the
state board of health. The pres-
ence of the representative of the
state board of health had been re-
quested so that the advice of the
board might be had in the present
situation, which is considered not
alarming but one requiring preven-
tive action.

It is reported that several pupils
in the 8th grade and high school
building had possibly been exposed
to the disease and it was therefore
determined that such pupils, to-
gether with those in the grades in
the Lafayette school other than that
of Miss Russell, will be examined
daily by Dr. A. M. King, Miss
Johnson, city health nurse, and Miss
Coale, anti-tuberculosis nurse. These
examinations will begin at 8 a. m.
each day at the Lafayette school
building, and will be continued un-
til after the eight day period has
passed. The physicians are agree-
d that by this plan of inspection that
it will be possible to prevent any
further spread of the disease as
children who give any indication of
scarlet fever symptoms will be
promptly sent home and the cases
watched.

LARGE AUDIENCE WELCOMES

PROF. CARL F. L. JESSEN

Many Assembled in Music Hall to
Hear Illinois Woman's College
Instructor in Piano Give First
Concert.

Jacksonville music lovers in large
number gathered at Music Hall,
Illinois Woman's college, last eve-
ning to attend the first concert of
Mr. Carl F. L. Jessen, recently ap-
pointed instructor in piano. Mr.
Jessen played with faultless technic
and the slightly ill at ease during
the rendition of the first group,
met the demands of the occasion in
good fashion demonstrating his
ability as a careful student, the pos-
sessor of an unaffected style and a
pianist of splendid musicianship.

Mr. Jessen was twice encored,
responding with "The Minstrels" by
Debussy at the close of the second
group, and giving in pleasing man-
ner "Ecosaises" by Beethoven-Bu-
oni after the last program number.
Of special note was Mr. Jessen's
playing in one of the Chopin num-
bers, the Etude, Op. 25, No. 10, one
of the most difficult pieces of octave
writing in musical literature, and
given by the pianist with brilliance
and with a strong tempo. The next
group, from the romantic school of
music, were played by Mr. Jessen
with excellent understanding and
excellent technic. Especially fine
was the rendition of the Gavotte by
Gluck-Brahms in the last group.

The program follows:
Fantasia in C minor Bach
"In Dir ist Freude" Bach-Busoni

Prelude, Fugue and Variations
..... Cesar Franck
(Transcription by Harold Bauer)
Nocturne, Op. 27, No. 2 Chopin
Etude, Op. 25, No. 10 Chopin

Sonata in A flat major von Weber
Allegro, Andante, Minuet
Bauerntanz Ganz
Gavotte Gluck-Brahms
Etude in large thirds Scriabine
"soidens Liebetod" Wagner-Liszt

Rippling Rhymes By WALT MASON

STRANGE DOINGS.

Such strange things happen every
day! Old Hiram is a stingy lay,
who never once, since he was
planned, blew in a cent with heed-
less hand. All through his journey
in this vale, his motto was, "Salt
down the kale!" A dime was big-
ger, in his view, than is a skating
rink to you. The large round dol-
lar was his god; no charity could
touch his wad; privation could not
make appeal that would part him
from him one wheel. No safe in-
vestment, in his town, could make
him lay some money down; he
stayed and starved to gain the
plunk, and hid his plunder in his
trunk. And then a stranger came
along, and gave old Hi a dance and
song; he had a patent truss to sell,
which truss would make a sick man
well. Enchanted by his siren tones,
old Hi dug up a thousand bones.
The stranger took that princely
roll, and jumped the town, the
genial soul. That truss (which
heals all sickly gents), our drug-
gist sells for fifty cents, and Hiram
haunts the busy mart, and talks
about his broken heart.

CONFERENCE ON CHURCH AFFAIRS

Trustees of Westminster church held a conference last night at the home of Rev. E. B. Landis with Mr. Rossiter, special worker for the Presbyterian church. Mr. Rossiter, under the direction of the Presbyterian synod, spends a few months of each year working with the Presbyterian churches of the state with special reference to the adoption of the every member canvass campaign plan.

It was to discuss the details of this plan that the conference was held last night and the trustees were favorably impressed with the suggestions made.

The every member canvass system has been tried out successfully by churches of various denominations and experience has shown that the results have been excellent, not only financially but in the increased interest of the church. The plans are so formulated that in the average church the number of workers is greatly increased and it is an accepted fact that the working church is the one that accomplishes things worth while.

MATRIMONIAL

Lakin-Young

A quiet wedding took place yesterday evening at the residence of Rev. F. A. McCarty, D. D., on West College avenue. Elmer Lakin and Miss Clara Young, both of White Hall, were united in marriage by Dr. McCarty. The young people were accompanied by Miss Dorothy Young, sister of the bride and John Barnard, friend of the groom. After the ceremony Mr. and Mrs. Lakin left for Litchberry to enjoy a visit with the groom's sister, Mrs. Rochester, whose husband is principal of the Litchberry public schools and after that they will go to Florida for a bridal tour of two weeks

and on returning will live at Berdan.

The groom is telegraph operator and Chivago & Alton agent at Berdan and is the son of Frank C. Lakin holding the same position at Manchester. The bride is the daughter of Thomas K. Young of White Hall and both are very estimable young people.

Mr. and Mrs. Louis Oberman of Mt. Union, Iowa, are guests at the home of Mrs. Oberman's sister, Mrs. M. V. Thompson on North Main street. The visitors will be in Jacksonville for a number of days.

Miss Amanda Ridder of Alexandria was a shopper in the city Thursday.

Funeral arrangements will be made today.

CAROLINA W. C. T. U.

Sumpter, S. C., Sept. 28.—Sumpter extended a hearty greeting to the many women gathered here today from all over South Carolina to take part in the annual State convention of the Women's Christian Temperance Union. The visitors will be here through the remainder of the week and elaborate preparations have been made for their entertainment. Daily sessions for the transaction of the business of the convention will be held. The annual reports prepared by the several officers of the State organization show that the past year has been one of steady growth, and the outlook for the coming year is very encouraging.

SAUERKRAUT FESTIVAL
DRAWS A CROWD

Forreston, Ill., Sept. 28.—A sauerkraut festival was opened here today with hundreds of visitors in attendance. The occasion was designed to call public attention to the fact that Forreston and vicinity have developed into one of the best sauerkraut producing sections of the country. In further evidence of the fact, a head of cabbage weighing nearly sixty pounds was exhibited. During the day a dozen barrels of kraut, a thousand pounds of frankfurters and many dozens of loaves of rye bread were served free to the visitors.

WILL RESUME WORK ON
STATE AID ROAD TODAY

Rainy Weather Temporarily Put a Stop to Operations—Inspector Finds Satisfactory Conditions.

The rainy weather of the past few days has interfered with improvement work on the state aid road, but Edward Williamson, who is in charge of the job, said yesterday that men and teams would be busy again today. An inspector for the state highway commission was here recently and went over the ground with Mr. Blackburn and Mr. Williamson and found the work progressing in a satisfactory way. Most of the work now must be done with wheel scrapers and the force is busy with grading near the distillery.

It will probably be two weeks before the roadway is completed between the distillery and the eastern terminus of the road, and it will take a comparatively short time afterward for the work to the city limits. The concrete culverts have all been completed between the distillery and the western limit of the improvement work with the exception of some private roadway entrances. This work will be done a little later on and it is not a part of the general contract. Persons who have inspected the grading and improvements thus far made on the road are unanimously of the opinion that the efforts for betterment have been well directed and the money wisely invested.

PRESIDENT WILSON OPENS HIS
CAMPAIGN OF LETTER WRITING

LONG BRANCH, N. J., Sept. 28.—President Wilson opened his campaign of letter writing tonight with a letter to Miss Leona L. Larrabee, president of the Women's Democratic club of Portland Ore., thanking her for work being done in his behalf by the organization.

"I cannot help having the feeling," said the President's letter "that the intelligent women of Oregon need no suggestion or intimation from me as to what the real issues of the present campaign or the real concern that women must have with those issues. As a very sincere advocate of the extension of the suffrage to women it seems to me a very great disservice to the cause that partisan use should be made of it particularly at a time so critical as this, when the question is about to be determined whether we shall keep the nation upon its present terms of peace and good will with the world or turn to radical changes of policy which may alter the whole aspect of the nation's life."

FAIRBANKS FOR

SUFFRAGE AMENDMENT
Pueblo, Colo., Sept. 28.—Charles Warren Fairbanks, Republican nominee for vice president told a delegation of members of the National Woman's Party at Colorado Springs today that he stood firmly with Charles E. Hughes in his attitude on the Susan B. Anthony suffrage amendment.

MR. HAINSFURTH'S

STATEMENT
David Hainsfurther of Winchester, owner of the automobile damaged Tuesday evening by collision with Jacob Cohen's car, two miles southwest of Jacksonville, stated yesterday that his daughter, who was driving the Hainsfurther car, was not to blame for the accident. He said their car was not moving beyond the proper speed limit and was on the right side of the road when the accident happened.

ADDRESS BY SOCIALIST

CANDIDATE FOR GOVERNOR
A good sized crowd gathered at the Airdome last night to hear Seymour Stedman, Socialistic candidate for governor of Illinois. Mr. Stedman is a master of his subject and presented his arguments in convincing manner. He left on the 9:45 o'clock Wabash train for Chicago.

PUBLIC INVITED TO HIGH
SCHOOL BUILDING TONIGHT

Social Occasion Arranged for Board of Education—Parents and Friends of Pupils To Meet New School Workers.

The board of education issued a public invitation yesterday signed by J. P. Lippincott as president and Mrs. Mary E. Pierson as secretary, to parents and friends of the public schools to meet Mr. and Mrs. H. A. Perrin, Mr. and Mrs. T. W. Callahan, Mr. R. A. Hufford and Mr. F. C. Barrows at the high school building tonight. The occasion is to be an informal social gathering to give parents and friends of the pupils of the public schools an opportunity for meeting the new school officers and teachers. All of those mentioned in the invitation are new to the schools and it is for this reason that the board decided a public reception of the kind planned for tonight would be in order. Seven thirty is the hour and the occasion promises to be one of interest.

HUNG JURY LIKELY

IN TEANEY TRIAL

Assault Case Resulting From Boundary Dispute now Before Court.

The trial of W. C. Teaney of Franklin charged with violating the local option law continued in the county court Thursday until four o'clock in the afternoon when the jury received instructions. No verdict had been returned at 2 o'clock this morning and a hung jury is probable.

When the jury had retired to consider the Teaney case the case of Clarence Dalton, charged with assault upon John Brittenstine, was called for trial. Both the defendant and the complaining witness live in the Nortonville neighborhood and it was from trouble about a boundary line or fence that the alleged assault resulted. Mr. Dalton is represented by Worthington, Reeve & Green and John M. Butler is assisting State's Attorney Haingrove in the prosecution of the case. A great many witnesses have been subpoenaed from the Nortonville neighborhood and the trial will probably occupy a large portion of the court's time today. The jury in this case includes Theodore Arisman, William Peebles, George Oxley, Thomas Oxley, Ira Austin, Henry Bergschneider, R. P. Goldsmith, E. E. Mason, Moses Topping, Jr., W. E. Smith, Edward Landreth and Walter Patterson.

WILL PUT SPACE

BASIS IN EFFECT NOV. 1
Washington, Sept. 28.—The space basis for compensating railroads for transportation of mails will be put into effect November 1 through 99 per cent of the service, the Postoffice Department announced tonight under a provision of the last Post Office Bill which authorized partial installation of the system to test its possibilities. Final decision as to whether it shall be made permanent is left by the bill to the Interstate Commerce commission.

GRANTS EXTRADITION

St. Paul, Minn., Sept. 28.—Governor John A. A. Burnquist late today granted the application of the State of Illinois for the extradition of Era Bond, Minneapolis broker, alleged member of an organized band of automobile thieves and wanted in Chicago to answer to an indictment for grand larceny in connection with the theft of an automobile there.

Bond testified at the extradition hearing today that "the whole thing is a 'frameup'."

TO SEND 10,000 MEN HOME.

San Antonio, Tex., Sept. 28.—Announcement of all national guard regiments to be released from border duty by new state troops under Tuesday's order by the war department was made tonight by Gen. Funston. The total is approximately

10,000 men. Movements will begin it was announced when the incoming troops have arrived. The list of troops that will go home include the First Illinois Field Artillery and First Field Hospital at San Antonio.

UNIVERSALISTS

ELECT OFFICERS

Bloomington, Ill., Sept. 28.—The state convention of the Universalist church in session at Clinton, Ill., today elected Rev. B. G. Carpenter of Peoria, president; Mrs. L. B. Fisher of Chicago, vice president; Walker McPherson of Joliet, secretary, and E. A. Dicker of Oak Park, treasurer.

Stockton, Ill., gets the 1917 convention.

ILLINOIS TRACTION EMPLOYEE INJURED AT SPRINGFIELD

Brakeman Struck When Draw Bar Belled—All Soldiers Soon to Leave—Business Men Struggle With Spelling.

Springfield, Sept. 28.—The Illinois Legislative committee of the Brotherhood of Locomotive Engineers and Firemen elected the following officers at two o'clock this afternoon, then adjourned after a three day session.

The following were elected for two years:

Chairman: D. McCarthy, Chicago.

Vice chairman: E. J. Purtil, Du-Quoin.

Sec'y and treasurer: George J. Weldon, Oak Park.

Executive board chairman: Y. J. Merriman, Chicago.

Members: C. L. Newcomer, Urbana; F. I. Johnston, E. St. Louis; C. F. Wolf, Dalton, and F. L. Dadds of Springfield.

Oscar Cappenbarger, age 30, a brakeman on the Illinois Traction System Freight line between this city and St. Louis was seriously injured this morning and it is believed the accident will cost the man's life.

Cappenbarger was standing near the edge of the track while a coupling was being made, when the cars came together the draw bar "belled" striking him in the stomach, seriously injuring him internally.

Cappenbarger is well known to railroadmen throughout the state, having worked on several lines before his present position with the Traction System.

Fifty five business men of Springfield, all met for a spelling bee at a meeting of the Rotary club yesterday, ten words were given and only one man of the half a hundred spelled them all correctly.

The ten words were: Legible, ledger, muschlage, loathsome, niece, seize, sieve, siege and noticeable.

By next Thursday, according to commanding officers, there will not be a soldier to be seen in Springfield. All of the soldiers who have been in camp at this city ever since their return from the border have been promised that they may return to their homes, families, positions and sweethearts by that time.

The first regiment will be mustered out next Wednesday, and will leave immediately for Chicago.

The second regiment in command of J. J. Garly will be mustered out Thursday and will leave for home the same night.

The brigade headquarters will also be mustered out at that time. After due ceremonies the men will only be militia soldiers again, they will be relieved of all their equipment and every thing will be returned to the government. The cold weather is said to be the cause of the hasty dismissal.

The state executive board, it was learned today, will refuse to interfere with a calling of a special convention to decide the fate of Frank Farrington, as the head of the Illinois Mine Workers' organization. Ballots were sent out today to all local unions throughout the state requesting that they be returned to the headquarters at this city as soon as possible, so as to see if a special session of the organization is favored.

The postoffice at Williamsville was robbed last night at about 11:30. The Strumpler blood hounds of this city were hurried to the scene and after tracking a scent around the town and square several times approached a group of men at a corner. The dogs immediately dived on one man in the group and when taken away continued to fight to get at him again. As a result, Ira Dudgeon is in the county jail awaiting action of federal authorities.

EARLIER DAYS IN JACKSONVILLE ARE BROUGHT IN REVIEW

Some Facts About College Avenue Residents—Water Works and Gas Plant Established.

The excellent article by Mr. Moore regarding West College avenue suggested a few thoughts to the writer. It was Samuel Justice, not Morris, his brother, who lived in the small brick house on the north side near Church street. Samuel Justice was a baker.

Dr. Nathaniel English was a prominent man in the early history of the city. He was at one time Worshipful Master of Harmony Lodge, A. F. & A. Masons and had much to do in public enterprises in other ways. For some time before his death he was badly crippled and being a rather corpulent man had hard work to get about.

The house mentioned as the property of Edward Rumsey Elliott was soon replaced by a commodious, two story frame structure, now standing on West State street, north side, third door east of Prairie street. A peculiarly happy incident is connected with that house. It was built by Benjamin Gass who was a good carpenter but hardly able to figure on so large a structure and lost a sum of money on it but made no complaint. In some way Mr. Elliott heard of it and asked Mr. Gass to tell him how he had come out and was informed that the contractor had lost \$1700 on it. Mr. Elliott immediately handed him a check for the amount remarking he couldn't bear to live in a house which had lost an honest man such a sum of money. The writer had the story directly from Mr. Gass himself.

Mr. Elliott showed the writer a good many favors in the bank and later when the writer was in business Mr. Elliott entered the store to make a purchase and, remembering past favors, a low price was made on the article. "Here Sam; that isn't enough. Take this," was Mr. Elliott's reply as he handed out a much larger sum than had been asked.

The small brick house built by Judge Lockwood on the southwest corner of Church was for a long time occupied by W. C. Woodman, a leading dry goods merchant of the city. It was adorned with a rare collection of paintings, the work of his artist son. Comparisons are odious, but it may well be said that to Joseph O. King who lived next door west Jacksonville owes a greater debt of gratitude than to any other single individual that ever lived here. When the gas works were first constructed the whole thing was a swindle from start to finish. Mr. King was a clothing merchant but possessing an unusual mind. Taking John McDonald, a skillful mechanic with him he studied the theory and practice of making gas, took hold of the works, kept them going and rebuilt them throughout from the current receipts. It was a wonderful feat.

Seeing the need of water works he took up the project. A new holder was being erected for the works by Dilly & Fowler of Philadelphia.

These men he had make a survey which the writer helped make with Prof. Crampton in charge, and had from the firm bid for a complete water works system, the price being \$187,000. Mr. King then went to work creating public sentiment and met all manner of opposition and plenty of abuse. It reads like a romance today, yet such is the fact. A vote was taken and four men pulled off their coats and carried the day. Twice the works were set back in deference to public opinion and finally when all seemed safe they were set back again and a company serenaded the one alderman who gave the casting vote for the setback. Mr. King was never daunted but kept on till the work was done.

In constructing the lake many were asked for a guess as to the future consumption of the city and the most sanguine put it 135,000 gallons daily, a maximum which they thought might some day be reached. The amount is about 885,000 gallons now.

QUESTIONS ON THE SUNDAY SCHOOL LESSON. By Rev. T. S. Linscott, D. D.

12. What did Paul's tactics result in besides dividing the enemy?
13. Verse 11. What reason is there to believe that God always times his visits to us when we need him most?

14. In what guise, or shape, would you say the Lord appeared to Paul, and with what voice did he speak?

15. There is no way to take the miraculous out of the New Testament without destroying it, and in view of this, why did not God rescue Paul in this instance, as he did from the prison at Philippi?

16. Verses 12-15. What was the plot which was formed to bring about Paul's death?

17. What, if any reason is there to believe that these forty men with such murderous intent, could think they were doing God's service?

18. Verses 16-24. How was the murderous plot to slay Paul frustrated?

19. How can you trace God's hand in this natural deliverance, as clearly as if it had been done miraculously?

20. Verses 25-30. What fault can you find, or what can you commend in the actions of this Claudius Lysias from start to finish?

21. Verses 31-35. Why was Paul just as much under the loving care of God and serving his highest interests, as if he had been at liberty?

LITERBERRY

The "Philomena Class" in the Ba-
ptist Sunday school, will serve an
oyster supper with all the trimmings
next Saturday night, in the base-
ment of the church. This class num-
bers about thirty members and is
taught by Mrs. J. M. Liter. They
take this way of raising their part
of foreign mission money. Every
body come out and eat oysters and
have a good time and help in a good
cause.

Walter Reeves of the Salem
neighborhood came down to Lit-
erberry Sunday and visited his re-
latives at Harmony Cottage.

A fine watermelon, weighing thirty-
five pounds, was left on our porch
Monday evening, a present from
Mrs. Lee Scribner.

Mrs. Melissa Paul, Mrs. W. E.
Murray and little Aiden Earl Rex-
ford, who have been very sick, are
reported better.

Ann Sallie and Ora Collins drove
to Virginia Saturday and visited
friends over Sunday.

G. O. P. BATTING

FOR NEW JERSEY
Trenton, N. J., Sept. 28.—The
appearance of Charles E. Hughes as
a speaker at the Interstate fair here
today marks the beginning of a
hard fight planned by the Repub-
licans to capture the home state of
President Wilson. The Republican
leaders are claiming New Jersey for
Hughes, but they are going to give
decided attention to the state as a
background, nevertheless, Mr.
Hughes will speak in Newark, prob-
ably on October 9, and will pay a
third visit to the state in the last
week of the campaign. In addition
to the head of the national ticket
some of the foremost spellbinders in
the Republican ranks will be sent
here as the campaign progresses.

NEW HAMPSHIRE AS

WINTER RESORT

Maplewood, N. H., Sept. 28.—Not
satisfied with its reputation as
"America's Summer Playground,"
New Hampshire is ambitious to rival
Florida and Southern California as
a winter resort. Plans looking
toward this end were discussed by the
New Hampshire Hotel association at its
annual meeting here today. In re-
cent years there has been a steady
increasing number of people com-
ing to the White Mountains during
the winter months. The hotel men
believe that a liberal campaign of
advertising to make known the at-
tractions of the White Mountain re-
sations, would enable many of
them to run their establishments as
all-weather-round resorts.

CORN CARNIVAL

AT CASSETON

Casselton, N. D., Sept. 28.—Many
visitors were in town today for the
opening of the annual Corn Show
of the Casselton Commercial Club.
Fine specimens of corn are on ex-
hibition from many counties of North
Dakota. Enormous pumpkins and
other farm products also are includ-
ed in the display this year.

MINERS TO RETURN TO WORK

Springfield, Ill., Sept. 27.—Five
hundred miners at Virden who have
been on strike because they said
the Royal Collieries company short-
weighed them to the extent of
\$6,000 decided at a meeting today
to return to work tomorrow. The
mine officers agreed to proceed at
once to an adjustment of the con-
tention.

RAINS POSTPONE RACING

Columbus, O., Sept. 28.—Rain to-
day caused the Thursday program of
the fall meeting of grand circuit ra-
cing here to be postponed. The card
will be run Friday and the Friday
card will be advanced to Saturday
now the closing day of the meeting.

NORWEGIAN STEAMER SINKS

London, Sept. 27.—The Norwegian
steamer Halla has been sunk. The
crew was landed.

ARMED MEXICANS

CROSS BORDER

El Paso, Tex., Sept. 27.—A band
of armed and mounted Mexicans
crossed the boundary near Cinecua
park 10 miles east of El Paso on
the Rio Grande today. They were
seen by a detachment of the 8th U.
S. Cavalry and fled to Mexico with-
out any shots being fired. They
were thought to have been Carranza
soldiers scouting for lost horses.

BREMEN DUE

WITHIN SIX DAYS.

Newport News, Va., Sept. 27.—
Advices from a source hitherto re-
liable, states that the German mer-
chant submarine Bremen is due at
some port on the Atlantic Coast
within the next six days.

START ON RETURN HIKE

Austin, Tex., Sept. 28.—The 12th
provisional division under Brig.
Gen. Henry A. Greene, marched out
of Austin today on the return hike
to San Antonio. Gen. Greene's
15,000 men were in camp here four
days. It is planned to take a week
in making the 83 miles back to
Camp Wilson.

TO RELEASE 23RD NEW YORK

San Antonio, Tex., Sept. 27.—
The 23rd New York Infantry, now
in the Brownsville district, will be
the next regiment released from the
border duty. General Funston in-
dicated tonight after he had received
notice from the war department
that 6,000 more guardsmen had
been ordered to the border and that
he was to designate 10,000 troops
for return home.

ILLINOIS READY FOR GAME WITH BLACKBURN THIS AFTERNOON

Coach Harmon Puts Varsity Thru
Scrimmage—Regular Line Looks
Even Better Than Last Year.

Coach Harmon put the varsity
thru another scrimmage Thursday
afternoon in preparation for the
game with Blackburn this afternoon.
Usually Coach Harmon does not
have scrimmage the day before a
game. However, the men have had
so little work thus far that he
thought it would be of more value
than running only signals.

The regular line looks to be even
better than last year. The men re-
turn the second team line and broke
up plays before they got started.
This is no small task as the second
team boasts of some men who out-
weigh some of the regular men and
in addition have had several years
of high school football experience.
Some of the new men are show-
ing exceptional ability and it is
likely unless Blackburn shows un-
expected strength that Coach Har-
mon will give many substitutes a
chance in today's game in order to
see what they can do under fire.

Capt. Frisbie, Right End

Among the new men Strickler looks
to have the making of one of the
best football players Illinois has ever
had. Strickler has never played
football but he shows natural
ability at the game. The coach is
well pleased with the way he han-
dles himself and predicts that he
will develop into a first class line-
man.

In the practice Coach Harmon
has been using Capt. Frisbie at
end. Whether he will remain there
or not is a problem that has not
yet been solved. Frisbie played at end
on the Springfield high school team
for several years. He was undoubt-
edly one of the best high school ends
in the state. He is a star at hand-
ling the forward pass and also plays
a great defensive end.

For the tackle position Coach Har-
mon is using Valentine who played
on the Greenfield high school team
for four years. Valentine was a
star on the Greenfield team which
is saying something as Greenfield
always has one of the best high
school teams in central Illinois.

The team will lineup for the kick-
off this afternoon as follows:
Rendleman, lf; Mitchell, lf; Zink,
lf; Russell, c; Thiebaut, lf; Val-
entine, rf; Frisbie, re; Wilson, qb;
B. Whisler, lf; Helme, rf; Jones,
B. The officials will be Larson and
Callahan. The game will be called
at 3:30.

MINNEAPOLIS GRAIN MARKET.

Minneapolis, Sept. 28.—Wheat
prices increased today after show-
ing weakness early in the session.
The closing was fractionally less
than 3c higher. Fair demand for
corn and oats. Wheat receipts 532
cars, compared with 750 a year ago.
Cash wheat: No. 1 hard, \$1.70 1/2;

REPORTS OF IRREPARABLE DROUGHT DAMAGE LIFTS WHEAT

Market Closes 2 1/2 to 2 3/4 Cents Net
Higher—Corn and Oats Score
Gains.

Chicago, Sept. 28.—Assertions
that irreparable drought damage
had been done in Argentina carried
the wheat market sharply up grade
today regardless of reports that
Greece had joined the Anglo-French
Allies. The market altho unsettled
at the close was 2 1/2 to 2 3/4 net
higher with December and May both
at \$1.54 1/2. Corn gained 1/2c to
1 1/2c and oats 1/4c to 1/2c. In pro-
visions the outcome ranged from 5c
decline to 40c advance.

The bulls soon regained control
however and then lifted the market
without subsequent material check.
The interest of traders turned chief-
ly to the crop situation in Argentina
where latest advices indicated that
whether rain came or not, the yield
would be curtailed seriously.

Big charter of lake vessels for
immediate loading helped to give
strength to corn. The market was
adversely affected also by continued
wet weather in the domestic belt,
and by Argentina damage reports.
Oats derived firmness from the ac-
tion of other cereals. Demand was
principally from shorts.

Month end even up trades made
provisions even higher. The most
notable bluge was in Sept. pork,
which advanced 40c to the high-
est level this season.

Zemo for Dandruff

You do not want a slow treatment when hair is falling and the dandruff germ is killing the hair roots. Delay means—no hair.

Get, at any drug store, a bottle of zemo for 25c or \$1.00 for extra large size. Use as directed, for it does the work quickly. It kills the dandruff germ, nourishes the hair roots and immediately stops itching scalp. It is sure and safe, is not greasy, is easy to use and will not stain. Soaps and shampoos are harmful, as they contain alkali. The best thing to use is zemo, for it is pure and also inexpensive.

Zemo, Cleveland.

MATHEWS AND WAY POLAND CHINA SALE WELL ATTENDED

Pure Bred Hogs Brought Good Prices—Buyers Present From Wide Area.

The sale of Poland China hogs held by Way & Matthews at the farm of M. O. Matthews one mile south of Concord Thursday proved one of the most successful ever held in the county. There was a good attendance of buyers, tho not so large as would have been the case had the roads been in condition for automobile travel. There were a number of buyers from a distance. Fifty-one head of hogs were sold and the total aggregated nearly \$2,000. The highest price paid for a male hog was \$71 the purchaser being William Sweatman of Virginia. The highest paid for a gilt was \$45, three being sold for that price and the purchasers being Amos Coffman of Mt. Sterling and H. G. Way of Ashland, the latter purchasing a total of five hogs. The auctioneers were Earl Abernathy of Concord and Ira Cottingham. Mr. Abernathy was crying his first stock sale and did exceptionally well. The buyers and prices paid follow:

EXTREME WEAKNESS AND SUFFERING

Read How Mrs. Goodling got Relief and Strength.

York, Pa.—"I have used Lydia E. Pinkham's Vegetable Compound and found it to be all you say it is. I was so sick that I could not stand at my sink to wash dishes and I could not sit without a pillow under me. I had the doctor every few days but since I have taken the Compound I don't have to send for him. I have had three children and could not raise any of them, but since I have taken the Compound I have a bright baby boy. I advise every suffering woman to try it and get relief. It has done wonders for me."—Mrs. CATHERINE GOODLING, 138 E. King Street, York, Pa.

When a medicine has been successful in bringing health to so many, no woman has a right to say without trying it. "I do not believe it will help me." There must be more than a hundred thousand women in this country who, like Mrs. Goodling, have proven what wonders Lydia E. Pinkham's Vegetable Compound can do for weak and ailing women. Try it and see for yourself.

If there are any complications you don't understand, write Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass.

STATE EQUAL SUFFRAGE ASSOCIATION SOON TO MEET

Forty Eighth Annual Convention Will Be Held at Springfield—Plans for Securing Full Suffrage in State Will Be Principal Theme of Discussion.

The Illinois Equal Suffrage Association issues the Call to its members and friends for the 48th annual convention to be held in the House of Representatives, Springfield, October 19-21, inclusive, 1916.

Our cause has been endorsed in the platforms of every political party in our nation. In order to determine how, most expeditiously, to press these newly won advantages to final victory in Illinois, the convention is called.

Illinois men are neither lacking in state pride nor approval of Democracy and must, in support of these convictions, hasten the enfranchisement of women. To plan for the final steps which will lead to the inevitable establishment of full suffrage for women in Illinois is the specific purpose of the Springfield convention.

(Signed)
Mrs. Harrison Monroe Brown,
State President.
Miss Margaret B. Dobyne,
Cor. Sec'y.

The above call has gone out to the 275 affiliated organizations of the Illinois Equal Suffrage Association, summoning their delegates to what promises to be the most significant convention which the state organization has ever held. Springfield has been chosen as the scene of this convention partly because of its central location which permits the representatives to come from all parts of the state, and partly because it is the center about which all the political, legislative and judicial activity of our state centers. The sessions will be held in the House of Representatives in the State Capitol. General headquarters for delegates will be established in the Leland Hotel. It is expected that the largest body of delegates ever assembled in the state of Illinois for the consideration of the cause of suffrage will gather in Springfield to attend this Convention.

The women of Springfield are putting forth every possible effort to secure the greatest degree of comfort and entertainment for the delegates. Mrs. Geo. E. Lee has charge of the hospitality and other committees are as follows: Program committee, Miss Margaret B. Dobyne, chairman, 603 Tower Bldg., Chicago. Committee on Transportation, Mrs. Charles E. Nagely, 603 Tower Bldg., Chicago. Committee on Arrangements, Miss Harriet Reid, chairman, Springfield. Committee on Information, Mrs. W. R. Vredenburg, chairman, Springfield. Social committee, Mrs. Geo. T. Palmer, chairman, Springfield. Local train committee, Mrs. Duncan McDonald, chairman, Springfield.

The general topic of the program will be "How to secure full suffrage for the women of Illinois." While the details of this program are still under consideration it is already determined that able speakers will discuss the following methods of securing legislative action: The Call for a Constitutional Convention; the Amendment to the Amending Clause; and a Full Suffrage Amendment. Time will be allowed for a full discussion and for several round-table conferences.

While business will be the principal order of the day the social element is by no means ignored and full opportunity has been arranged for that personal contact amongst the women interested in the suffrage cause which certainly leads to co-operation and efficiency. An informal reception will be held in the parlors of the Leland Hotel, Wednesday evening, Oct. 18th. A reception to the convention delegates will be held at the Executive Mansion by Gov. and Mrs. Dunne on Thursday evening, Oct. 19th at 8:00 o'clock. The annual suffrage banquet will be held on Friday evening, Oct. 20th at the Leland Hotel. At this banquet the candidates for Governor in the coming election have been asked to speak.

While the consideration of future policies of the organization will occupy a most prominent place in the minds of those attending the convention, the election of officers and Board of Directors for the coming year is not to be forgotten. These officers are elected by the regularly accredited delegates representing the organizations auxiliary to the Illinois Equal Suffrage Association. Any society may become auxiliary by paying \$2.00 annually to the State association. This will entitle such society to one delegate at the annual convention. Additional delegates may be sent upon the payment of \$2.00 each, for such delegates, the number not to exceed one for every twenty-five members of the club membership.

OWLS WILL HAVE FISH Fry

The Order of Owls will give a fish fry in their hall on West Morgan street Tuesday, Oct. 3. There will be a musical program and other features of entertainment during the evening.

Wm. Lawson, the night watchman and policeman is having a vacation, having been on duty continuously every night for more than a year with the exception of two nights. Frank Windsor is serving as watchman and policeman during the vacation.

The electric power was turned on here Tuesday night and seemed to prove satisfactory. There is considerable complaint in certain parts of town because there have not been sufficient lights put in to give the necessary lighting of the streets.

Clarence Smith came in Tuesday evening from a three months' sojourn in the south where he has been on duty as a musician in the New York Military Band, of which he is a member. He has been on the border line in Texas but his time of service as a regular expired a few days ago and he received his discharge. He came here for a brief visit with his mother, Mrs. Eliza Smith and on Wednesday started for his home in New York City. His wife and son who have been here during his absence left last Saturday for home.

Martin Lankford aged 75 years, 1 month and 1 day died at his home in the north part of town Tuesday at 1 p. m., after an illness of two weeks. Deceased had been in very poor health for several years and several times had been critically ill but had rallied sufficient to be able to get down town about three weeks ago. During much of his sickness he suffered intensely but the end came very quietly. He had been a resident of this county most of his life, his early years being spent near Winchester. Later he came to this place and married Mrs. Rosanna Lankford, his brother's widow, and this has since been his home. He was a Civil War veteran, having served his country for more than two years during the Rebellion. He was a quiet and well respected citizen and a man of very few words. Funeral services were held Thursday at two p. m., in the Baptist church conducted by Rev. N. M. Antrobus and burial was here.

Mrs. Sadie English of Canton, Ed King of Winchester, Miss Pearl Gidney of Jacksonville came to attend the funeral of their uncle, Martin Lankford.

PHILADELPHIA

W. T. Melvin was a Virginia visitor Wednesday.

Fred Gilbert, son of Wm. Gilbert, has been very sick with rheumatism for the past few days.

Matt Swartwood, wife and daughter Hattie, went to White Hall last Saturday for a visit with relatives. They made the trip in their Grant car.

Ed Cave and wife are parents of a baby boy, born Wednesday, Sept. 26th.

A great many from this community attended the state fair at Springfield last week.

Mr. and Mrs. B. O. Springer spent Sunday with the former's parents Mr. and Mrs. John Springer near Virginia.

Mrs. Frank Rogers and children spent Sunday with relatives near Prentice.

Frank Reid and wife have moved into the Higginson house which was vacated by Frank Black recently.

Mrs. Hodge and Miss Eva Shafer spent several days last week visiting relatives and friends in Springfield. Mildred Swartwood, little daughter of Ed Swartwood is very sick. Ben Shortridge returned home last Wednesday from a weeks visit at his old home at Mt. Pleasant, Missouri.

Mr. Hastings of Jacksonville was a Sunday visitor at the Sunday school here.

WHAT ARE YOU GOING TO DO WITH THAT BOY? WHY NOT SEND HIM TO BROWN'S EVENING CLASSES WHERE HE WILL GET A THOROUGH BUSINESS EDUCATION. PHONE TODAY TO 987, ILL.

PLACED UNDER PEACE BOND.

Howard Finley was before Justice Dyer Thursday and was placed under bond in the sum of \$25 to keep the peace for three months. Finley was arrested on a warrant sworn out by M. A. Taylor. There was also a warrant for assault and battery but that charge was dismissed.

BACK FROM THE NORTH.

W. H. Anderson has returned from Minneapolis, where he went to attend the national convention of master horse shoers which attracted several hundred members from all over the union. Mr. Anderson was a member of the committee on law and had a prominent part in the proceedings of the body. He was kept so busy that he was unable to enjoy any fishing or boating on some of the many lakes adjacent to the twin cities. He paid brief visits in St. Paul, Milwaukee, Chicago and other points.

Mr. and Mrs. Benton Discuss Electric Service

"What do you think of having this house wired for Electric Service?" began Mr. Benton.

"Scarcely anything could please me better," replied Mrs. Benton. "I've had a talk with several of the neighbors who have just recently had their houses wired and I know that it makes one's housework very handy and convenient."

"Well, we're going to have it done! I was talking to Mr. McLaren, Electric Service Manager for the Light Co., this morning, and we'll have him see the job at once. I was surprised to find the cost so reasonable. It'll pay for itself in the increased value of our property. While we live here, it will mean more comfort and satisfaction for ourselves; and when we sell—should we ever wish to—it'll bring better prices from the buyer."

(The workmen will soon be around to begin the job of wiring. Watch this space in Saturday's Journal.)

"Goodnight Corns!" We Use "Gets-It!"

3 Drops in 2 Seconds. That's All "GETS-IT" Does the Rest. Never Fails.

"Really, I never could see how some few people use the most difficult and painful way they can find to get rid of corns. They'll wrap their toes up with bandages into a package that fills their shoes full of feet and makes corns so painful they've got

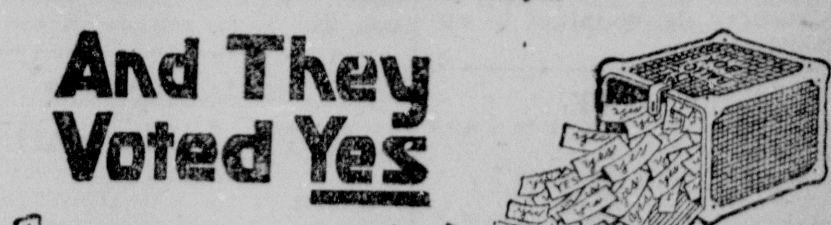

to walk sideways and wrinkle up their faces. Or they use salves that eat right into the toe and make it raw and sore, or they'll use plasters that make the corns bulge, or pick them bloody. Funny, isn't it? "GETS-IT" is the simple, modern wonder for corns. Just put 3 drops on. It dries instantly. No pain, fuss or trouble. The corn, callus or wart loosens and comes off. Millions use nothing else. "GETS-IT" is sold and recommended by druggists everywhere, 25c a bottle, or sent on receipt of price, by B. Lawrence & Co., Chicago, Ill.

Sold in Jacksonville and recommended as the world's best corn remedy by Armstrong's Drug Store and J. A. Obermeyer.

We put it up to Hundreds of Dentists

Long before SENRECO was offered to you we submitted it to hundreds of dentists, requesting that they put it to every test. Told them that we believed Senreco to be an unusually good dentifrice, especially as to its cleansing qualities and its remedial action on sore, soft, bleeding gums; in the treatment of Pyorrhea, etc. Submitted the formula and asked them their opinion. They tested Senreco from every angle; some going even so far as to make a chemical analysis—

With practically one accord—said:

"Senreco appeals to me more than any dentifrice I have ever seen." "I cannot say too much for Senreco. It's one of the best I have used." "I can recommend Senreco as the best." "Makes the teeth glisten and is free from injurious ingredients, including pumice and grit." "I am indeed glad to get a tooth paste that does the work." "Congratulations on formulating a dentifrice that gives one a new idea of mouth cleanliness, etc." (These quotations are from the dentists' reports. Originals on file at our office.)

With such endorsements from the men who know; why not go to your dealer today and get a tube of SENRECO—25c. Keep your teeth REALLY CLEAN, and protect yourself against Pyorrhea and decay.

A copy of the folder, "The Most General Disease in the World" together with a liberal trial size tube of SENRECO will be mailed you for ten stamps. The Sentinel Remedies Co., Inc. Dept. B. Masonic Temple, Cincinnati, Ohio.

FUNERAL OF THOMAS J. WEEKS AT MEREDOSIA M. E. CHURCH

Services for Old Morgan County Resident Who Passed Away in Missouri — Parent-Teacher Meeting—Fire Consumes Ice House.

Meredosia, Ill., Sept. 28.—Funeral services for Thomas J. Weeks were held Thursday afternoon at 3 o'clock at the Methodist church. The remains were brought via the Wabash from New Madrid, Mo., where death occurred arriving in Meredosia Wednesday afternoon accompanied by Rodney Weeks, son of the deceased.

Rev. T. L. Hancock conducted the services at the church. The singing was furnished by Will G. Looman, Henry Berger, Mrs. Will G. Looman, Mrs. James McLain, Mrs. J. H. Looman, Miss Mae Wilson, Miss Margaret McLain, Miss Hattie Hillig, with Miss Nellie Waldo as accompanist. The bearers were Fred Brockhouse, Fred Deppe, W. J. Hale, G. W. Burrows, Joseph Schmitt, Charles Wegehoff.

Those in attendance from a distance were G. W. Weeks, wife and daughter, William, of Jacksonville; Ab. Weeks and Maude Weeks of Arzenville; Miss Lottie Weeks of Chicago; Alphonse and Harve Weeks of St. Louis; Mr. and Mrs. Rodney Weeks of New Madrid, Mo.

Obituary Sketch

Thomas J. Weeks was born and reared in the vicinity of Meredosia. His birth occurred Jan. 14, 1851, and died at the home of his son, Rodney Weeks, in New Madrid, Missouri, Sept. 25, 1916, aged 65 years, 8 months, and 11 days. Oct. 29, 1872, he was united in marriage with Miss Mabel Louise Waldo who was his faithful companion in the walk of life until her death almost three years ago. To them were born eight children, of whom six are living. The children are Alphonse and Harve of St. Louis; Rodney and Chauncey of New Madrid, Mo.; Everett of Kansas City, Mo.; and Lottie of Chicago. Since the death of Mrs. Weeks the family has scattered and are living in different parts of our country. Several years ago Mr. Weeks made a profession of faith in Christ and united with the Christian church at Dexter, Mo., his first place of residence in that state.

Life with Mr. Weeks has been somewhat checkered, but honorable, marked with traits of industry. Besides his immediate family, he leaves two brothers, John L. Weeks who resides in Arzenville and George W. Weeks of Jacksonville, Ill., and many friends in this vicinity.

Ice House Burns

Meredosia was visited with another fire Tuesday evening about 8:30 o'clock in the evening when the ice house north of the Dan Yeck residence and belonging to J. C. Workman was consumed. The building had straw in it, consequently burned very rapidly and it was seen at once there was no use in trying to save it but attention was turned to surrounding property which was saved. The building was uninsured and the origin is unknown.

Parent-Teacher Meeting

The first parent-teacher meeting of this school term was held at the high school building last Tuesday evening and the following interesting program rendered:

Piano solo: Miss Gweneith Chenoweth.

Reading: Iris Summers.
Piano duet: Evelyn Hilderbrand and Amelia Ruswinkle.

Vocal solo: Annabel Hyde.
Reading: Edith Unland.

Vocal solo: Rena Hyde.
Jolly Team Pots: Corlita McKinnett, Gwendolyn Berger, Annabel Hyde, Madeline Schmitt.

Piano solo: Blanch Pond.

The chair appointed a committee composed of Miss Effie Bennett, C. W. McLain and I. E. Beauchamp to nominate the officers for the coming year. The remainder of the evening was to have been spent in discussing school matters but the fire alarm was sounded which broke up the meeting. The unfinished business will be taken up at the October meeting.

HOME ECONOMICS DEMONSTRATION CAR IS NEWLY EQUIPPED

Can Be Secured in any Community If Local Club Will Take Necessary Steps.

The home economics demonstration car is now being sent out by the department of home economics at the University of Illinois, and is described in circular No. 3. The car was equipped some time ago but the working arrangement has been remodeled in order to increase the scope of the work. Whereas the demonstrations in the past have been remodeled in order to increase hold affairs, the car with its present equipment will show the uses of mechanical power in the home and on the farm and will present also ideas in house furnishings and utensils.

The equipment of the car consists of a gasoline engine operating the washing machine, mangle, cream separator, vacuum cleaner, ice cream freezer, etc. Installation of a hot and cold water system under pressure for house and barn, operated by the same machine. Electric lighting system for private home. House furnishings, including kitchen utensils and color schemes and furniture for living room and bed room.

The car and its equipment provide sufficient material for demonstration work for a week. It is proposed to spend five days at a point; in exceptional cases ten days. The general plan is to have the car open each morning for inspection with two demonstrators to explain the equipment; to have a demonstration each afternoon, and a lecture in the evening in a suitable hall. This arrangement of time leaves opportunity, if desired, for the demonstrators to visit a farm home for the purposes of inspection and suggestion.

Cost of Securing the Car

The university pays the salaries of the demonstrators and furnishes the exhibit, the local committee is responsible for the following details: Proper advertising of the car. Arranging with local railroad as to the car on a spur track, where it will not be bumped and where it is readily accessible. Securing a suitable hall for lectures and demonstrations that can not be held in the car. Providing hard coal for the heater, gasoline for the engine and janitor service. Providing board, room and comfortable living conditions for the demonstrators, whose hours of service are long and duties exacting. The bulletin gives the cost for hauling and switching the car over railroads and the approximate total cost of the work for the week. A proposed program of lectures and demonstrations is given and the back of the bulletin is a blank which is to be filled in by the president of the club desiring to secure the car, and sent to Miss Mamie Bunch, state leader in home economics, Urbana. It is most satisfactory to file the application for car service as early as possible, and most economical to accept the time when, in the routine of the car, it can come to the neighborhood at the least expense.

SOME FARM TOPICS

Potash in Manure

A correspondent wants to know how much potash is contained in manure. A ton of good manure will carry around 10 pounds of potash, and as this is mostly in the liquid it is quickly available for growing crops. At present prices of potash salts it surely behooves farmers to conserve all manure made upon the farm. It is estimated that each 1,000 pounds live weight of farm animals will produce annually about 125 pounds of potash, of which 76 pounds are in the liquid excrement. Fall and winter are the heaviest feeding periods and during this time thousands of tons of manure are made in feed-yards and in barns. The potash is easily washed out of manure, and it is estimated that from one-fourth to one-third is lost from neglect. The thing to do is to get the manure out on the field as promptly as possible. Here the potash will leach down into the soil and be saved. Good barns are usually well provided with conveniences to save all the constituents in manure, but open feed-yards, often situated on hillsides, lose much of the value of this valuable by-product.—The Farmers' Review, Chicago.

AN EXPLANATION

We have information that the Humane Society has been criticized for not handling the prosecution, for the death of a horse at Cherry's Livery, which was due to being over-driven by Newton Tribble.

The Humane Society was willing and ready to co-operate with us in this case, but for reasons which we weighed carefully, we did not wish to prosecute at this time. We therefore made our own settlement with Tribble.

A Perfect Dependable, Economical, Wood Coal and Gas Range

The Three-in-one Majestic

The combination coal, wood and gas Range without too much mechanism; no levers to turn or twist—to get out of whack or be mis-handled.

It is the simplicity of the Majestic Combination that has made it so popular. Not a thing to change in your oven—just turn on the gas. Can be attached to your own Majestic and heat your reservoir (if its on the back end of your range.)

\$7.50

This gas attachment on a New Range is \$7.50. On an old Range \$7.50 plus the time of attaching.

Renowned Gas Saver Burner

Mixes 40 to 50 volumes of air with one volume of Gas.

REMEMBER—only these gas burners used to heat the entire top, oven and reservoir, and they burn less gas than the top burners only of an ordinary gas Range. The same burners that heat the top heat the oven and reservoir.

"Chevrolet 490"

The Automobile of Real Merit

It is an easy matter to build a car for \$1,000.00 or more and give real value, if you can induce your customer to invest that much money, but to build a real automobile to sell for less than \$500.00 taxes the inventive genius of a Real Mechanic.

The man behind the gun at the Chevrolet plant is just such a mechanic, which his unparalleled success has proven by users of Chevrolet automobiles, ask them.

The beauty of design, strength of construction, convenience of operation, ease of adjustment, power of motor, all prove the wonderful superiority of the Chevrolet 490.

WILL LEAVE FOR HOME IN CANADA SOON

H. J. Lemon, who went a sale recently on his farm a few miles east of Murraville, was in Jacksonville Thursday. Mr. Lemon at the sale disposed not only of his livestock and implements but his farm as well and is preparing to move his family at an early date to Canada. He said yesterday that he hoped to be ready

for the trip north by October 10 or 12. He has purchased land near Lacomb, a number of former Morgan county residents having been land owners there for some time.

Mr. Lemon was in Canada in August and after a somewhat extensive inspection visit decided that it is a land of promise.

Mrs. Langley and Col. Wyatt, representing a California gold mining company, have completed a stay of several weeks in this vicinity and gone to southern California. The first of the week they were guests of Mr. and Mrs. J. T. Little of Alexander.

Mrs. Harry Straug of Murraville was among the city shoppers yesterday.

SLIGHT RAINFALL THURSDAY
The Thursday afternoon it seemed "too cold to rain" a light drizzling rainfall was noted several times. G. H. Hall, weather observer at Alexander, reported a precipitation of .04 inch.

Y. M. C. A. POINTERS. (By the Secretary.)

A Philadelphia employer recently said, "It would be absurd to start meetings for the boys in this factory. They're a worthless lot, and would not appreciate it." But many employers know better, and we asked him to permit a trial. The foreman accompanied us as we went around the shop and talked to the boys. "Who is captain of the University of Pennsylvania football team?" You should have heard the chorus. Certainly they knew him. "How would you fellows like to have him talk to you some day?" "Gee," The look was enough. He went. So did the captains of the base-ball, track and wrestling teams and other "heroes." For some months the student Young Men's Christian Association sent to those boys a series of "athlete speakers" who talked at the noon hour on "Clean Living and Clean Athletics." "Building Character," etc. Fifty boys are different today, because some one believed in them and took the trouble to help them. Those youngsters have proved that "a boy will grow to be the kind of a boy he thinks you think he is."

Let us all do our part to make the Jacksonville boys grow to be good citizens.

The Centenary M. E. Sunday school orchestra will furnish music for the Open House event next Monday evening. There will be some special features in the evening program, and so plan to be present.

All the Boys of the Junior classes and the Scouts will want to plan for the Hike Saturday.

**HOUSE ON GREENWOOD AVE.
BURNED THURSDAY EVENING**

Property Owned by Frank Reick and Occupied by Alva Grimsley Destroyed by Fire.

A five room cottage in Greenwood avenue owned by Frank Reick and occupied by Alva Grimsley, was totally destroyed by fire about 7:30 o'clock Thursday evening. The origin of the fire is unknown. Mr. Grimsley since the death of his wife about a year ago had been living in the property and taking his meals at a neighbor's house. He was about the house Thursday about 5 o'clock but left and had not been found late Thursday night.

The first intimation neighbors had of the fire was when the flames burst thru the roof. In a few moments the entire structure was ablaze and nothing was saved.

The property was valued at about \$1,200. The owner, Frank Reick has been residing in Colorado Springs for a number of years. It is not known whether or not he carried any insurance on the property or whether Mr. Grimsley had any insurance on his household goods.

DAIRY RALLY AND BARBECUE AT LITCHFIELD OCT. 7TH.

Prominent Men to Appear on Program—Prizes to be Given in Cattle Judging and Milking Contests.

Plans are being perfected for a monster dairy rally and free barbecue at Litchfield Saturday, October 7. Among the prominent men who will speak are Hon. Carl Vrooman, assistant secretary of agriculture and Hon. Charles Fairbanks of Indiana, Republican candidate for vice president. The Democratic committee has promised to furnish either W. J. Bryan or Gov. Glenn of New York, Ollie James of Kentucky or Vice President Marshall. Governor Edward F. Duane and Hon. Frank C. Lowden are also expected to be present. The meeting will be under the auspices of the business men of Litchfield, the Business Men's Dairy Extension movement of Illinois, the State Bankers' association of Illinois and the state Dairy and Food department of Illinois.

A number of valuable prizes will be given to school children and farmers for the best judging and milking of dairy cows. President Smith of the N. Y. Central lines is offering two pure bred Holstein calves as prizes to the boy and girl under fifteen years of age who make the best score in judging milk cows. An interesting feature of the day will be a great parade in which will be exhibited cattle from some of the finest dairy herds in the state. It is expected that 500 guests will attend the banquet to be given on the evening of October 7. Ten bands and three quartets have been engaged for the day's program, which as a whole promises to be one of great interest and profit.

Clark's Chapel Aid Society will hold a market Saturday, Sept. 30th, beginning at 9:30 at Vasconcellos' store, opposite post office.

THREE BURLINGTON WAY MEETINGS SCHEDULED

Carl H. Weber left yesterday afternoon for Berdan where he met Secretary Nissen and Mr. Wilhite of the Burlington Way Good Roads association. A meeting was held there last night at which various affairs relating to the Burlington Way were discussed. Tonight the three mentioned will attend a meeting in Pontiac, which will be of unusual interest and importance because the route of the Burlington Way from Pontiac to Chicago will probably be determined. There are several possible routes and considerable rivalry has been developed among the citizens in a number of cities in the northern part of the state in the effort to have the trail pass thru their city. Another meeting is to be held in Peoria Saturday night when important questions relating to the trail in that vicinity will be considered.

WILL SELECT GROUNDS FOREMAN FOR I. S. D.
The state civil service commission has called attention to an examination which will be held November 4. One of the positions to be filled at that time will be foreman of grounds at the school for the deaf. No examination has been held in the past for this position. The pay is from \$50 to \$75 per month with maintenance and it is expected that there will be a number of applicants. The work of foreman involves the supervision of the grading of the ground, building of walks and roads and other routine construction work about such an institution.

CARL ROBINSON TO SPEAK
Carl E. Robinson, Republican candidate for state's attorney, will deliver an address Saturday forenoon at 11 o'clock at the Baptist church fish fry in Franklin. Both dinner and supper will be served by ladies of the church.

FRANK W. KING DIED AT CALIFORNIA SANITARIUM

Deceased, Who Had Relatives Here, For Years Was Prominent in Los Angeles Business Affairs.

The Los Angeles Times contains the following notice of the death of Frank W. King, who was known to a number of Jacksonville people. The deceased was a cousin of the late Dr. W. H. H. King and James T. King.

Just one year to the day after retiring from active business, Frank W. King, 61 years old, formerly of No. 903 Westlake avenue, died early yesterday at a sanatorium in Monrovia. Ever since leaving his active business life he had been growing steadily weaker. While the death was not unexpected by those in close touch with Mr. King, the announcement came as a distinct shock to his many friends and his former business associates.

During his thirty-three years of residence in Los Angeles, Mr. King had been prominently identified with the growth of the city. He was vice-president, manager and treasurer of the firm of Hawley, King and Company, hardware merchants, formerly Walter N. Hawley & Co., San Francisco. He once served as director of the Chamber of Commerce and also on the Water Board and the Civil Service Commission.

He was widely known in club circles, being a member of the California Club, the Los Angeles Country Club, the Sunset Club and the Sons of the Revolution, and of several lodges. He was a member of the Episcopal church and the funeral services will be conducted under the ritual of that faith's denomination. The body will be cremated, following the funeral services at the home tomorrow afternoon.

Mr. King was born in New York City, February 22, 1855. After graduating from the Wilton Academy in Connecticut, he began his business career in New York as a lumber dealer. He later held several important positions in Michigan, moving to California in 1883.

In addition to the widow, a son and two daughters are left—Alexander King, a bond salesman of this city and the Misses Madeline and Gertrude of New York.
